OMAN SCHOLARS

Oman Scholars Programme

Oman Scholars Programme aims at preparing young Omanis for professional leadership roles in both public and private sectors. Top 11th grade students undergo international standardized tests that measure language proficiency, critical thinking and reasoning, and help them identify aspects of their personality traits, in order to help them best develop leadership skills. These students also engage in a three tiered enrichment learning journey beginning with a 21-day summer residential programme, followed by an independent learning phase, and finishing with a 4-day Winter Workshop. At each stage, students are researching current issues and producing innovative solutions to support Oman's 2040 Vision. Top performers are, then, awarded an international scholarship including 2 years at a boarding school followed by 4 years at a top ranked university.

Oman Scholars Programme Objectives

Supporting Oman's position in the global economy with strong international business networks.

Increase global awareness and perspective among young talent.

Discover, nurture, and develop Omani young talent to create future leaders in various industries.

Develop Oman's global competitiveness especially in the human capital index.

Programme Distinguished Characteristics

Engage 11th grade students from both public and private schools from around Oman

A 14-month enrichment program that measures scholar's ability to acquire and adapt to the 21st Century Skills and Competencies

Application Criteria

To be eligible to apply, the student must have achieved an overall average of 75% or above

This scholarship is available to Omani nationals who are registered in Grade 11 at the point of application.

A score of 75% or above in English in the first semester of Grade 11 as evident in the transcript.

For more information

Please visit the Oman Scholars social media platforms. The registration opportunity for the Oman Scholars Program 2026 will be announced through the Jadarah platform after the release of the first semester results for Grade 11.
